

Osama Alkarnawi

osama.alkarnawi@outlook.com — LinkedIn — +966 50 946 3884 — Saudi Arabia

SUMMARY

Seeking a **Cybersecurity** role to demonstrate my technical and interpersonal capabilities and support continued professional growth, as a holder of a Bachelor's degree in Computer Science. Hands-on experience in **SIEM monitoring using Splunk**, log analysis, and security event investigation. Experience in **system hardening** within OT environments and deploying secure infrastructures, including **Active Directory**. Background in SSH-based attack detection and **honeypot deployments**, supported by industry-recognized certifications.

EDUCATION

King Fahd University of Petroleum and Minerals (KFUPM)

Dhahran, Saudi Arabia

Bachelor of Science in **Computer Science**

Sep 2021 – May 2026

GPA: **3.6 / 4.0** — Dean's List, Second Honor Graduate

PROFESSIONAL EXPERIENCE

OT Security & Industrial PI System Intern

Apr 2025 – Sep 2025

INTECH Automation and Intelligence

- Performed **system hardening** for 20+ OT systems in a **SABIC** environment by applying secure configurations across Windows services, local policies, user access, and endpoint protection
- Designed and deployed a full OSIsoft PI System architecture, including PI Data Archive, PI AF, PI Vision, and an interface node across multiple machines
- Configured and integrated **Active Directory** (Domain Controller) to support secure authentication and access control within the industrial environment

Cybersecurity Intern

Jun 2024 – Dec 2024

Fortinet

- Gained hands-on experience with Fortinet security solutions, including **FortiGate** and FortiDeceptor
- Explored threat detection techniques to understand attacker behavior and improve threat visibility
- Applied log analysis and traffic inspection to identify suspicious patterns and security misconfigurations in simulated environments

LEADERSHIP & EXTRACURRICULAR EXPERIENCE

Cybersecurity Committee Lead

May 2023 – Jan 2025

King Fahd University of Petroleum and Minerals

- Led and instructed a Web Penetration Testing Bootcamp, delivering structured, hands-on cybersecurity training
- Taught networking fundamentals for cybersecurity to over **70 students**, improving students security knowledge

Cybersecurity Awareness Presenter

Sep 2025

Absher

- Delivered a structured seminar on **phishing attacks**, covering attack types, detection techniques, and real scenarios
- Educated participants on prevention strategies, including secure practices, 2FA usage, and incident response actions

Information Security & Networking Teaching Assistant

Aug 2024 – May 2026

King Fahd University of Petroleum and Minerals

- Coordinated and designed a large-scale enterprise network project for the Network Management & Security course
- Led a hands-on cybersecurity project based on **SSH honeypot deployment and attack analysis**

Lead Ambassador

Mar 2025 – Jun 2025

Oracle

- Led the Promotion of **cloud computing courses** and industry technologies within the university through Oracle
- Supported peer learning by assisting students with course enrollment, technical questions, and platform navigation

PROJECTS

SSH Attack Detection and Honeypot-Based Threat Analysis

- Deployed **SSH honeypots** and integrated them with **Splunk SIEM** to collect and analyze malicious authentication attempts in real time
- Built dashboards to identify **brute-force attack patterns** and visualize attacker behavior

Cloud-Based Encrypted Machine Learning Inference System

- Deployed a secure client-server architecture on **AWS**, enabling encrypted communication
- Reviewed **system and application logs** to identify configuration weaknesses and improve security posture

CERTIFICATIONS & PUBLICATIONS

CompTIA Security+ — Cisco CCNA — eWPT — eJPT — Fortinet NSE 1-5 — AWS Solutions Architect Associate

Publication: *Detection of Domain Generation Algorithm (DGA) Domains*, published in the ISA Saudi Conference

TECHNICAL SKILLS

Security Operations: SIEM (Splunk), Log Analysis, Incident Investigation, Threat Detection, MITRE ATT&CK

Offensive Security: Web Application Testing, Vulnerability Assessment, Network Penetration Testing

Systems & Cloud: Linux, Active Directory, AWS (EC2, VPC, IAM), System Hardening, Access Control

LANGUAGES

Arabic (Native) — English (Fluent)
